[문제]

다음과 같은 결과가 출력되도록 resume.html 파일을 작성하시오.

The image shows a web browser window with the URL `http://localhost/Daily01/resume.html`. The page title is "지원서 작성" (Resume Creation). The form is divided into several sections:

- 기본지원사항** (Basic Application Information):
 - 응시분야 (Application Field): Two dropdown menus, one showing "Consulting" and the other "Staff".
 - 졸업여부 (Graduation Status): Two radio buttons, "졸업" (Graduated) and "졸업예정" (Expected Graduation).
- 기본인적사항** (Basic Personal Information):
 - 성명 (Name): Text input.
 - 국적 (Nationality): Text input.
 - 영문이름 (English Name): Text input.
 - 이름 (Name): Text input.
 - 이메일 (Email): Text input.
 - 휴대전화 (Mobile Phone): Text input.
- 어학사항** (Language Information):
 - 어학구분 (Language Category): A dropdown menu showing "영어" (English).
 - 어학시험명 (Language Exam Name): Text input.
 - 점수/등급 (Score/Grade): Text input.

At the bottom of the form are two buttons: "지원하기" (Apply) and "다시작성하기" (Recreate).

Three dropdown menus are shown to the right of the form, each with a red arrow pointing to a specific field in the form:

- The first dropdown menu is labeled "Consulting" and shows a list of options: "Consulting", "IoT", "빅데이터", and "R&D". A red arrow points from the "응시분야" dropdown in the form to this menu.
- The second dropdown menu is labeled "Staff" and shows a list of options: "Staff", "신입" (New Hire), and "경력" (Experience). A red arrow points from the "응시분야" dropdown in the form to this menu.
- The third dropdown menu is labeled "영어" and shows a list of options: "영어", "중국어" (Chinese), "불어" (French), and "일본어" (Japanese). A red arrow points from the "어학구분" dropdown in the form to this menu.

A blue callout box with a pointer to the "졸업여부" section contains the text: "졸업여부 항목에서 졸업 기본 선택" (Basic selection for graduation in the graduation status item).

A blue callout box with a pointer to the "어학구분" dropdown contains the text: "각 항목의 선택할 수 있는 값 리스트는 상위처럼 순서대로 보여 준다. 단, 맨 처음 실행시 기본적으로 '불어'가 처음 보이도록 설정한다." (The list of values that can be selected for each item is shown in order like the top one. However, when first executed, 'French' is set to be the first one to appear by default.)
